Hi Rohit,

I forward you the acceptance notification of the paper.

The paper/presentation is also listed in the agenda (still with the wrong title, but I will tell them to change it) <https://opensearchfoundation.org/ossym2023>

Later the paper will be published on Zenodo, but I dont know how long this takes. This is the Proceedings of the OSSYM 2021.

Regards,  
Alexander

Dear Alexander,

First of all, apologies for the delay in sending you the result of the review of your contribution. Due to the summer period, it was taking somewhat longer than expected.

We are pleased to inform you that your contribution

**"Conceptual Design and Implementation of a Prototype Search Application using the Open Search Index"**

has been accepted as **Oral Presentation** (The duration of the presentation should be 15 minutes).

The detailed schedule of the Open Search Symposium 2023 is presently being finalised, and we will let you know the day/time for your contribution as soon as possible.

Kind regards,  
Andreas
